- **Core Languages:** JavaScript
  - **Frameworks & Libraries:** Node.js, ReactJS, Bootstrap, jQuery, Tailwind CSS
  - **Databases:** MySQL, SQL Server, MongoDB
  - **Version Control & Tools:** GitHub, Visual Studio Code, Jira
- 

## EXTRA-CURRICULAR ACTIVITIES

- **Professional Certification:** Data Science Using Python, PANASONIC CAREEREX, GURGAON
  - **Data Science Using Python & R Programming** from 360DigiTMG
  - **Data Visualization Using Tableau** from 360DigiTMG
  - **PLC and SCADA Software** from Sofcon Pvt. Ltd.
- 

## PROJECTS

### Global Yacht Exchange – Yacht Sale and Purchase Web Application

- Developed a yacht sale and purchase platform using ReactJS for the frontend, Node.js for the backend, and MySQL as the database.
- Implemented RESTful APIs and integrated the Stripe payment gateway for seamless transaction processing.
- Participated in client calls and collaborated with team members to ensure the project met user needs and expectations.

### SaradpaSA – Healthcare Management Application

- Contributed as both Frontend and Backend Developer for a hospitality healthcare platform. Used Angular for the frontend and Node.js for the backend.
- Developed a comprehensive dashboard for doctors and staff to manage appointments, patient records, and medical history.
- Worked on bilingual support (English & Spanish) to cater to the client's operations in Spain, ensuring an intuitive user experience.

### Nutritek-Fbeg – Recipe Creation and Customization Application

- Developed a recipe and cake creation platform, utilizing ReactJS for the frontend and Node.js for the backend.
  - Created RESTful APIs to manage ingredient selection, recipe creation, and user management.
  - Collaborated in client calls to gather feedback and ensure the platform met user needs, improving both functionality and UI/UX.
- 

## PERSONAL ATTRIBUTES

- Strong problem-solving abilities with a focus on team collaboration and efficient project delivery.
- Excellent communication skills, actively participating in client meetings to ensure technical solutions align with business needs.
- Enthusiastic about learning new technologies and continuously improving technical expertise.
