Senior Analyst Programmer with 4 years of experience in Node.js, Express.js, PHP, Lumen, CodeIgniter, and MongoDB. Specializes in developing RESTful APIs, optimizing queries, and building real-time systems. Proficient in code refactoring for maintainability and efficiency. Strong in teamwork, problem-solving, and delivering solutions aligned with user requirements.

WORK EXPERIENCE

Senior Software Developer
Ebizon

01/2022 - Present   *Noida, India*

Projects :

- **BookAnyVan** : Created an online van booking service, developing core booking, order tracking, and driver management features using Node.js(Express), RestAPI,Mongoose(MongoDB)

- **Amnius Connect** : Built a multi-functional web app with Express and MySQL, integrating chats, appointments, billing, and ticket management systems. using Node.js(Express), Rest API,MySQL

- **Bookapro** : Developed a service provider app using the Lumen framework, focusing on service booking, scheduling, and admin management using Node.js(Express), RestAPI,MySQL

- **Mad Over Pets** : Built a pet service booking and e-commerce app on CodeIgniter, integrating social features like feeds and follows using Codeigniter, RestAPI,MySQL

- **Negotium** : Created a CodeIgniter-based informational website with finance and utility management and contact form integration using Codeigniter, RestAPI,MySQL

Software Development Engineer
Designoweb Technology Pvt Ltd, Noida

01/2021 - 12/2021   *Noida, India*

Tasks :

- Developed a RESTful API for mobile app integration and refactored the codebase for better readability. Built a secure PHP web application for efficient real-time order processing with robust performance.

EDUCATION

Bachelor of Technology (Computer Science and Engineering)
Raj Kumar Goel Institute of Technology and Management

08/2015 - 09/2019   *Ghaziabad, India*

Senoir Secondary Education
Ram Kisan Institute

04/2013 - 03/2015   *Ghaziabad, India*

SKILLS

Node JS   Express JS   Mongo DB

MySQL   PHP   Code Igniter   Lumen

HTML   CSS   Java Script   JQuery

Bootstrap   Postman   Linux   Window

Stripe SDK   Twilio SDK   Git   Github

Bit bucket   Jira   Visual Studio

Swagger   FileZila

ACHIEVEMENTS

PHP certificate (01/2019 - 07/2019)
Completed a PHP course during final year, covering advanced PHP programming concepts and techniques. The course included practical training on building dynamic web applications, integrating with databases, and applying secure coding practices. Gained hands-on experience with PHP frameworks, optimisation techniques, and best practices for developing scalable, maintainable web solutions.

Oracle MySQL (01/2020 - 06/2020)
Completed an six-months Oracle SQL program, focusing on advanced SQL techniques and database management. The course covered query optimisation, complex joins, subqueries, and data manipulation. Gained practical skills in designing and managing relational databases, writing efficient queries, and leveraging Oracle SQL features for effective data analysis and reporting.
