PROFESSIONAL SUMMARY

Backend Developer with experience in Node.js and PHP (Laravel, Codelgniter). Focused on building and maintaining web applications, integrating APIs, and using CI/CD for deployment automation. Proficient in SQL and NoSQL databases, with a strong understanding of backend architecture and performance optimization.

WORK EXPERIENCE

Internet Research Bureau Pvt. Ltd. / LogZero Technologies

Jun'23 - Present

Junior PHP Developer -> Software Developer

- **Developed and maintained** 6+ full-stack web applications using Node.js, PHP, Laravel and Codelgniter.
- Revamped Codelgniter codebase to modern Node.js architecture, resulting in a 30% reduction in infrastructure costs and improving developer productivity by approximately 15 hours per week.
- Integrated **payment gateways** (Razorpay, PhonePe) for seamless transactions, reducing cart drop-offs by 25%.
- Implemented CI/CD pipelines using GitHub Actions to automate deployments, reducing release time by 50%.
- Optimized SQL queries and database schema to reduce page load times by 40%.
- Integrated Google APIs for workflow automation, cutting manual task time by 90%.

TECHNICAL SKILLS

_	C/C+	
•	L/L+	7

- Microsoft Office
- HTML, CSS
- JavaScript

- PHP, Laravel, Codelgniter
- Node.js, Express.js
- SQL/MySQL, MongoDB
- Git/GitHub, CI/CD Pipeline

EDUCATION

B. Tech (CSE), Dr. APJ Abdul Kalam Technical University, 78.30%

ACADEMIC PROJECTS

Memories

Dec'21 - Jan'22

- Engineered a **web-based** event portal using Node.js and Express.js, allowing users to share and post significant life events.
- Implemented **CRUD** functionalities (Create, Read, Update, Delete) for user-generated content with MongoDB, ensuring efficient data handling and a 40% improvement in content management speed.
- Structured and optimized MongoDB databases to efficiently handle high-volume data, achieving a 30% reduction in data retrieval time, enhancing overall application performance.

POSITION OF RESPONSIBILITY

Mentor, CXI Society, MIET

Feb'21 - Oct'22

- Conducted 5+ interactive workshops for 300+ students, enhancing their skills in Node.js and PHP, resulting in a **60% increase** in student engagement and participation in club activities.
- Played a key role in developing and maintaining the CXI club's website, ensuring 99% uptime and regularly
 updating content to keep members informed of events, resources, and news.
- Guided junior members through coding challenges and project-building activities, boosting their confidence and leading to a **50% increase** in student-led technical initiatives within the club.
