Bahadurgarh, Haryana - 124507, India

SUMMARY

Front-end developer with 2+ years of experience building cross-platform mobile apps using React Native and dynamic web apps with React.js and Next.js, specializing in responsive UI, state management, and real-time data integration. Skilled in implementing Redux Toolkit, Tailwind CSS, Firebase Authentication, WebSockets, and payment gateway integrations like Razorpay.

SKILLS

• **React Native | Redux Toolkit | React.js | Next.js | JavaScript | TypeScript | Node.js | HTML5 | CSS3 | Tailwind CSS | REST API | Android Studio | Xcode | GitHub | Firebase**

EXPERIENCE

- **Affinity Education Pvt. Ltd. (Makunai Global Technologies)** May 2024 - Present
Software Engineer (SDE-1) Noida, India
 - * **Developed** responsive web and mobile applications using React.js, Next.js, and React Native, achieving a **25% reduction in load time** through optimized state management and code splitting.
 - * Implemented Redux & Redux Toolkit, enhancing performance by 30%
 - * Conducted analysis on real-time data synchronization using WebSockets & socket.io.
 - * **Presented findings** on **data encryption** using **AES and SHA-256 algorithms with Crypto.js**, receiving recognition for **expert implementation and impactful knowledge sharing**.
- **I-Clear Technology** Jan 2023 - Feb 2024
React Native Developer Delhi, India
 - * **Developed a real-time live video streaming application** that captures footage from CCTV cameras, manages data processing via an **MQTT server** in the backend, and displays streaming content seamlessly through the API integration, ensuring efficient data handling and reliable video delivery.

EDUCATION

- **Ganga Institute Of Technology and Management** Aug 2020 - May 2022
Master of Computer Applications Haryana, India
 - * Percentage: 77.9%
- **Maharshi Dayanand University** Aug 2017 - May 2020
Bachelor of Computer Applications Haryana, India
 - * Percentage: 79.8%

PROJECTS

- **Medway App : [Hybrid Mobile App]** May 2024 - Present
Tools: [React Native, Redux Toolkit, Firebase, Android Studio, Xcode, iOS] Medway App[
 - Developed caching mechanisms, **Firebase** push notifications, and a referral system using **Branch.io**, achieving a **20% improvement in data handling and performance**.
 - Implemented **Redux Toolkit and persistence** for state management, **achieving a 20% performance improvement** in data handling and component rendering.
 - **Implemented** payment gateway integration with **Razorpay**, ensuring **100% transaction processing and enhanced user trust**.
- **Medway Website** Jan 2025
Tools: [Next.js, Redux Toolkit, Tailwind CSS, Jest] Medway Website[
 - Developed a scalable Next.js website using **Redux Toolkit and Tailwind CSS**, achieving **30% faster load times**, a **75% boost in mobile engagement**, and **90% test coverage with Jest** ensuring **zero critical bugs during extensive user interaction testing**.
 - **Streamlined deployments** with **CI/CD pipelines and SonarQube**, reducing deployment time by **40%** and enhancing code quality.
