Gurugram, India

Summary

Enthusiastic and results-driven React Native App Developer with 3+ years of experience building high performance mobile applications. Specialized in React Native and iOS development using Swift, with a strong background in integrating RESTful APIs and managing backend systems using Laravel, PHP, and SQL. Proven ability to deliver seamless, scalable, and user-centric mobile solutions. Experienced in working collaboratively within agile teams to meet tight deadlines and achieve project goals efficiently.

Experience

Acefone Software Pvt. Ltd., Gurugram, Haryana

Software Development Engineer II

Feb 2024 – Present

- Developed and launched a cross-platform React Native app for cloud-based communication, achieving 98% crash-free sessions across iOS and Android.
- Implemented user authentication, call history, DTMF input, and multi-screen navigation, improving user engagement by 35%.
- Integrated native modules using Kotlin and Swift to enable advanced features like real-time DTMF event transmission.
- Collaborated with cross-functional teams to design and deploy features tailored to business requirements, like availability of call logs and recording.
- Integrated backend APIs and managed data flow using MongoDB and Laravel, improving app performance and reducing API response time by 40

Acefone Software Pvt. Ltd., Gurugram, Haryana

Software Development Engineer I

Feb 2022 – Jan 2024

- Developed and maintained iOS apps like Servetel and Smartflo, reaching 10K+ App Store downloads and maintaining a 3.5+ average rating.
- Built UI components and features using Swift, UIKit, Interface Builder, Storyboard, Core Data, and third-party libraries in Xcode.
- Created and integrated RESTful APIs using Laravel and SQL, improving feature rollout speed by 30
- Implemented custom webhooks in vanilla PHP for Asterisk servers to automate call event handling and improve system responsiveness.

Prashnottar Pvt. Ltd., Lucknow, Uttar Pradesh

Trainee Software Developer

Jun 2021 – Jul 2021

- Assisted in full-stack development of a web dashboard using the Spring Boot framework, enhancing system performance significantly.
- Designed and maintained responsive front-end interfaces using HTML, CSS, Bootstrap, and JavaScript, improving page load times by 66% and enhancing cross-device compatibility for 10,000+ users.
- Strengthened collaboration by actively using Git for version control, participating in detailed code reviews, and implementing best practices to enhance code quality, maintainability, and project scalability.

Education

Jaypee University of Engineering and Technology, Guna, Madhya Pradesh

Bachelor of Technology in Computer Science

CGPA: 8.2

Aug 2018 – Jun 2022

Lucknow Public School, Lucknow, Uttar Pradesh

Intermediate in Computer Science, ICSE

Percentage: 90%

Apr 2015 – Mar 2017

Lucknow Public School, Lucknow, Uttar Pradesh

High School, ICSE

Percentage: 92%

Apr 2005 – Mar 2015

Skills

App Development: React Native, Node.js, TypeScript, Swift, XCode, Kotlin, Gradle, Maven, NPM, Firebase

Frontend: Next.js, React, Redux, JavaScript, HTML, CSS, TailWind, BootStrap, Figma

Backend: Laravel, PHP, SQL, PostgreSQL, DBMS

General: MVC Architecture, Flux Architecture, State Management, RESTful APIs, OOP Concepts, Version Control (Git), Agile Development, JIRA management, Unit testing
