

SWAPNIL JADHAV

Software Developer

+91 8767124615 swapjadhav35@gmail.com

OBJECTIVE

Software Developer with 2 years of hands-on experience in building scalable and high-performance web applications using React.js, Node.js, and Express.js. Proven track record in optimizing application performance and delivering responsive, user-centric solutions. Skilled in integrating RESTful APIs and developing robust solutions using MySQL. Strong collaborator across cross-functional teams.

WORK EXPERIENCE

Software Developer

August 2023 – Present

Tata Communications Transformation Services

Pune, India

- Developed scalable web applications using React.js, JavaScript, Node.js, and MySQL.
- Designed and implemented RESTful APIs to ensure seamless integration between frontend and backend systems.
- Managed multiple projects, ensuring on-time delivery and alignment with client specifications and business objectives.
- Collaborated with cross-functional teams to build new features, enhancing user experience and overall application performance.
- Applied responsive design principles to ensure cross-device compatibility, optimal user interfaces, and consistent user experience across platforms.

Intern

December 2022 – July 2023

Internship at A2Z Infotech

Ahmednagar, India

- Assisted in the development and testing of web applications, gaining hands-on experience in software development lifecycle.
- Implemented basic front-end features using HTML, CSS, and JavaScript under the guidance of senior developers, focusing on responsive design and user experience.

PROJECTS

Unify

- Developed a Minutes of Meeting (MoM) application featuring meeting scheduling, agenda creation, and action point assignment.
- Implemented email notifications for scheduled meetings and role-based access control. Built using React, Node.js, and MySQL to streamline meeting management.

WOFO

- Designed and developed a workforce and field operation portal to manage users, vehicles, and route information.
- Enabled users and vendors to log vehicle start and end readings. Built with Node.js, Express.js, and MySQL, supporting multiple user roles.

EDUCATION

Master of Computer Application (MCA)

2023 – 2025

Dr. Babasaheb Ambedkar University, Chhatrapati Sambhajinagar

Bachelor of Science (Computer Science)

2020 – 2023

Savitribai Phule Pune University, Pune

TECHNICAL PROFILE

Front-end Technologies	React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap
Back-end Technologies	Node.js, Express.js
Database	MySQL
API Development	RESTful API design and integration
Other Tools	Postman, VS Code
Core Competencies	Responsive Web Design, Cross-browser Compatibility, Performance Optimization

SKILLS & ABILITIES

- API design knowledge
 - Database programming
 - Application development
- Ability to work under pressure
 - Energetic and motivated

ROLES & RESPONSIBILITIES

- Developed and maintained server-side web applications using Node.js and Express.js, ensuring scalable and secure backend functionality.
- Built dynamic and responsive user interfaces using React.js, JavaScript, Bootstrap, and CSS to enhance user experience.
- Managed the full web application lifecycle from requirements gathering to deployment and post-deployment support.
- Collaborated directly with clients, stakeholders, and end-users to gather requirements, provide demos, and incorporate feedback.
- Integrated RESTful APIs to facilitate seamless communication between frontend and backend components.
- Conducted performance tuning and debugging to improve application efficiency and reduce load times.
