SUMMARY

I am a seasoned Software Developer with over **3.5+ years** of experience in developing applications, databases, and cloud computing solutions. Throughout my career, I have demonstrated the ability to drive measurable results, showcasing significant improvements in platform performance and operational workflows. My technical skills encompass a wide range of technologies, and I am committed to delivering high-quality work.

SKILLS

Node.js   PHP   Laravel   Express.js
React.js   SQL   MongoDB
JavaScript   NoSQL   Docker   Git
JIRA   jQuery   JWT   HTML5 & CSS
Ajax   CI/CD   Microsoft Office
Performance Tuning
AWS(Lambda,S3,CloudWatch,SQS)   CMS
Algorithm implementation (DSA)
Handling Client Requirements   Gmail
Development Lifecycles   Team reporting
Project Planning   Develop the REST APIs

EDUCATION

PG : Master of Computer Application

Garhwal University

📅 07/2019 - 07/2021   📍 India

Bachelor of Computer Applications

DBRAU Agra

📅 07/2016 - 07/2019   📍 Agra, India

KEY ACHIEVEMENTS

⚡ **Rise Award**
Recognition for Leadership, Outstanding contributions and Unwavering Commitment

💡 **Insta Awards**
Client accolades for outstanding performance in logistics orchestration
