## Education

- **Bachelor of Technology (B. Tech)-Information and communication Technology: 2022-2025**  
Institute: Marwadi University (NAAC A+), Rajkot, Gujarat
- **Diploma in Computer Engineer: 2019-2022**  
Institute: Government Polytechnic for Girls, Ahmedabad, Gujarat
- **Secondary School Certificate (SSC) 2019:**  
Institution: Cham English Medium School, Porbandar, Gujarat

## Experience

- **ZarwebCoders** **Ahmedabad, Gujarat**  
**Full-Stack Developer** **Feb2025 – Ongoing**  
Engineered and deployed scalable web apps, reducing load times by 30% and improving client satisfaction. Executed dynamic, real-time features that boosted user engagement by 25%. Orchestrated front-end UI enhancements, improving mobile responsiveness and session durations. Collaborated cross-functionally with 5+ developers to deliver high-impact client solutions ahead of deadlines.
- **Exposys Data Labs** **Bengaluru, Karnataka**  
**Full-Stack Developer & Web Designer** **Dec2024 – Jan2025**  
Developed and deployed a MERN-based Burger Ordering & Blog App, increasing average session time by 20%. Integrated dynamic burger customization functionality, enhancing UX and raising completion rates by 30%.
- **ZarwebCoders** **Ahmedabad, Gujarat**  
**Full-Stack Developer** **June2023 – July2023**  
Built and optimized MERN & CodeIgniter-based web applications, slashing average page load time by 30%. Refined database queries, boosting backend performance and scalability. Designed mobile-responsive UI components, leading to a 40% drop-in bounce rate across client sites.
- **CreArtSolution** **Ahmedabad, Gujarat**  
**PHP Developer & Web Designer** **June2021 – May2022**  
Spearheaded development of a Salon Management System, automating appointment booking and digital payments. Integrated product purchasing workflows and secure transactions, increasing operational efficiency by 50%. Lead a 3-member team, completing project deliverables 2 weeks ahead of schedule. Enhanced UI/UX, improving customer booking satisfaction scores by 35%.

## Projects Work

- **Placement Preparation System**  
Stack: Express.js, Node.js, React.js, MySQL  
Developed a full-fledged placement preparation system enabling aptitude tests, coding challenges, and interview prep, helping 200+ students improve their skills. Designed a robust user role management system and implemented performance analytics, improving test result tracking by 40%.
- **Customized Burger Selling System**  
Stack: Express.js, Node.js, React.js, MongoDB  
Developed a dynamic burger customization flow with role-based admin panel, improving engagement by 30%. Streamlined order processing and admin controls, cutting order handling time by 35%. Integrated secure payment gateway, increasing checkout success rate by 20%.
- **Restaurant Management System**  
Stack: HTML, CSS, PHP, JavaScript  
Built an end-to-end order management and kitchen workflow integration system for small restaurants. Automated billing and receipt generation, reducing service time per table by 25%. Enabled real-time order tracking, boosting kitchen staff efficiency.
- **Salon Management System**  
Stack: HTML, CSS, PHP, JavaScript  
Created an appointment scheduler with reminders notifications, cutting no-show rates by 20%. Integrated payment processing and admin dashboard with booking analytics. Boosted service coordination efficiency by enabling real-time appointment status tracking.

## Career Objective

Aspiring **Full Stack Developer** proficient in both **PHP (Core PHP, CodeIgniter)** and **MERN Stack (MongoDB, Express.js, React.js, Node.js)**. Adept at building scalable web apps, integrating RESTful APIs, and managing databases. Seeking opportunities to innovate and build production-ready applications in a collaborative, agile environment.

## Technical Skill

- **Languages & Frameworks:**  
JavaScript, PHP, C++, Java, Express.js, Node.js, React.js, CodeIgniter
- **Web Development:**  
HTML5, CSS3, RESTful APIs, Microservices Architecture, Responsive UI/UX, SPA Development
- **Database Management:**  
MySQL, Oracle SQL, MongoDB
- **Tools:**  
Postman, Git, GitHub, Agile Development, AWS, Visual Studio Code, Chrome DevTools
- **Others:**  
Authentication (JWT/OAuth), Payment Gateway Integration, CRUD Ops, Role-Based Access Control

## Certificates

- HP QTP/UFT Training – Quick Test Professional (2025)
- Software Testing Fundamentals (2025)
- The Art of Software Testing (2025)
- AWS Academy Cloud Foundations (2024)
- Blockchain 101 – Infosys Springboard (2024)
- Introduction to Ethereum Blockchain – Infosys Springboard (2024)
- Solidity Smart Contract Programming for Ethereum Blockchain – Infosys Springboard (2024)
- Oracle Academy – Database Foundations (2023)
- Postman API Fundamentals Student Expert (2023)

## Soft Skill & Hobbies

- Time Management
- Presentation
- Leadership
- Cooking
- Reading
- Writing

## Achievements

- 50+ on LeetCode, 100+ on CodeChef – consistently ranked in top brackets for speed and accuracy.
- Hackathon Finalist – Azadi ka Amrit Mahotsav (2022) Developed a full-stack student progress tracking portal with secure authentication, real-time analytics, and milestone tracking from enrollment to graduation.
