📍 Bangalore, Karnataka

## SUMMARY

I am a Software Development Engineer in Test with over 3 years of experience specializing in automation and quality assurance. As a fast learner with a curious mindset, I create automated test scripts with a notable 95% coverage while fostering an environment for continuous improvement. I have a proven record of enhancing performance testing and effective defect management, committed to delivering high-quality software and seeking roles with growth opportunities

## EXPERIENCE

### Software Development Engineer in Test

**IBM**

📅 02/2024 - Present

- Developed 20+ automated test scripts using Selenium WebDriver and Java, achieving 95% test coverage
- Successfully implemented API automation best practices, improving code quality by 40% and maintainability by 30%
- Maintained and enhanced existing automation frameworks, reducing regression test execution time by 35%
- Collaborated with 3 cross-functional teams to implement comprehensive test strategies, increasing bug detection by 28%

### Performance Test Engineer

**IBM**

📅 01/2023 - 02/2024

- Executed 30+ load tests with JMeter and RPT, simulating 10,000+ concurrent users
- Created 200+ API tests in Postman with 98% coverage across critical applications
- Utilized Dynatrace/Kibana to reduce application response time by 45%
- Diagnosed and resolved 15+ performance bottlenecks through CPU/memory analysis
- Managed 120+ JIRA defects with 95% resolution rate

### Test Specialist

**IBM**

📅 06/2022 - 01/2023

- Performed end-to-end testing of OrderMax, executing 100+ weekly test cases with 97% accuracy
- Documented 75+ software defects with detailed reports, reducing fix time by 30%
- Improved test coverage by 25% through enhanced test scenarios
- Created 50+ test cases that detected critical defects pre-production

## LANGUAGES

**English**
Proficient   ●●●●○

**Hindi**
Proficient   ●●●●○

## STRENGTHS

**Adaptability**
Fast learner with a curious mindset committed to delivering high-quality software

**Continuous Improvement**
Proven ability to foster an environment for continuous improvement

## KEY ACHIEVEMENTS

**Test Coverage Achievement**
Achieving 95% test coverage through automated scripts developed for various projects

## SKILLS

Selenium   Java   Python

Postman   REST   SQL

Cucumber   Jenkins   BDD   JIRA

Apache JMeter   Load Testing

End To End Testing   Cypress   Git

Agile   AWS   Azure   Dynatrace

Fast Learner   IAM   Kibana

Scrum   SDLC   Gmail

## CERTIFICATIONS

- ISTQB Foundational Tester
- AWS Certified Cloud Practitioner
- Microsoft Azure: Cloud Fundamentals
