Projects

SafeShe
A safety app designed for girls allows them to share their live location with family members, making it easy for their loved ones to keep track of them. In case of an emergency, they can quickly contact the police using an SOS feature and with many more interactive features .

Planning Buddy
The app is designed specifically for couples looking to plan destination weddings, providing a comprehensive platform that simplifies the entire planning process. Users can access a wide range of services and resources, allowing them to book everything they need for their special day in one convenient location according to their budget .
